TCF SCHOLARSHIPS

The Tipton County Foundation awards over \$160,000 in scholarships each year! Currently, we have over 60 unique scholarship opportunities, all funded by local donors who care about the education of Tipton County youth.

These scholarships are for everyone! If you are a graduating senior and you are pursuing any sort of post-secondary credential, including bachelor's and associate's degrees, technical certifications, and trade school opportunities; full or part time, you are eligible for funds through TCF.

Use or create a professional-sounding email address and consider who will be receiving your application. Do not use your high school-assigned email address as TCF may need to contact you after graduation.

PROOFREAD! Any essays should be written in a word processor and pasted into the application. However, many aspects of formatting will not be retained after you copy and paste.

Be honest and fill out the application yourself. You may want to ask a trusted adult to assist you in proofreading your application. By submitting the TCF Scholarship Application, you agree that the work is your own.

Scholarship applications are due **March 1, 2023**. Take your time completing your application. If you experience any technical difficulties, don't panic, just save and try again later or call for assistance. Please keep in mind questions and issues brought to the Foundation staff's attention within 24 hours of the deadline may not be resolved in time to meet the deadline. *There are no extensions.*

Did you know...

Harvard University rescinded its admission offers to ten incoming freshmen in 2017 after reviewing their social media profiles? For many of these students, the comments and posts in question were made in "private" groups.

Remember when it comes to Social Media...

Nothing is truly private...ever.
If you re-post (or share it) you own it.
Every post reflects who you are.

Application Review

Applications for all scholarships are reviewed by a TCF volunteer committee. Only the information relevant to that committee's decision is shared, and personal information is never provided to committees.

The scholarship donor, or the family thereof, may be involved in the selection process, but never has the majority vote in a scholarship decision. All recipients are ratified by the Foundation Board.

Foundation staff merely facilitate the review of applications by volunteers and have no role in any scholarship decision.

Acceptance and Thank-You Notes

After receiving your scholarship at your school's awards program, there are two final steps to take. First, you must accept your scholarship. This is a simple matter of providing your intended institution, your student ID#, and any updated contact information. Instructions will be provided with your scholarship certificate. The deadline to accept is June 1.

Next, you will need to write a thank-you note to the donor who made your scholarship possible. At the Foundation, we take thanking our donors very seriously, and we will not issue scholarship checks until that note has been received (Postmarked by June 1). Instructions will be provided on how to address your note. All thank-yous are sent to the Foundation to protect the personal information of our donors.

Scholarship Distribution

All scholarship checks are sent directly to the student's institution applicable to tuition, fees, and other qualified cost-of-attendance expenses. Checks are never written to an individual, regardless of circumstance.

Scholarships have no cash value. If a student is unable or decides not to attend an accredited institution, the scholarship is lost.

Some scholarships are awarded at the end of the senior year of high school but, by the donor's design, are not paid to the university in the first semester. If you receive one of these scholarships, you will be notified in your award letter when the scholarship will be paid. Similarly, those scholarships over \$1000 may be split over time, with multiple payouts over multiple semesters.

APPLICATION

Part One: Creating an Account

All of the local scholarships available through TCF are located at www.Tiptoncf.org/scholarships. Click "Apply Now" to create an account. If you have already created an account, use your user name and password to sign in.

Follow all prompts and answer all questions thoroughly. You can save and come back at any time. We recommend saving often.

Part Two: The Application

Common App Questions: In this section, you will add all of your basic information such as name, date of birth, high school, and contact information. Your personal information will not be shared with the scholarship committees.

College Questions: In this section, you will input information about your intended college or university and your major. Please be sure that this information is as accurate as possible at the time you submit it. If you should decide to change institutions, you must notify TCF immediately by emailing dawn@tiptoncf.org.

Extra-Curricular and Service Activities: In this section, you will be asked what types of extra-curricular activities you were involved in during high school. This will help the system determine what specific scholarship questions it needs to ask next.

Family Affiliations: Some scholarship opportunities are based on clubs, activities, or institutions with which you or your family are involved. This section will gather that information.

Activities, Work, and Service: In this section, you can provide details on your activities, work experience, and service programs or projects during high school. These include academics, athletics, community service activities, and social clubs, etc. Be sure to describe the activity in a way that someone unfamiliar with the activity will understand. Include any offices that you held or special recognition that you have received.

High School Transcript Request: To ensure that everyone's academics are recorded accurately, TCF will take information directly from your transcript. In this section, you will use your guidance counselor's email address to request a transcript be sent to the Foundation for our use.

Letter of Recommendation: A few of our scholarships require a letter of recommendation. You do not need to submit a letter for each. Instead, upload a single letter from a person to whom you are NOT related. Be sure to give that individual plenty of time before the deadline to get their letter to you.

Finalize Application: In this section, you will need to apply your electronic signature and mark that you understand some scholarships will require additional information, which you will need to complete as directed.

Supplemental Questions: Based on the information you have provided in the rest of the base application, the system will need to ask follow-up questions regarding specific scholarships. This section may have many questions, some of them essays. Complete each to the best of your ability and contact the Foundation if you have any questions.

Submission: Once the basic application is complete and any supplemental questions for individual scholarships have been answered, you may submit your applications. Please be sure to click "submit" for each of the scholarships for which you hope to be considered. It's always a good idea to send an email to Dawn (dawn@tiptoncf.org) after submitting just to confirm.
